

eTrap[®] polyp trap

The ideal polyp trap designed with you in mind...

Inspired by nurses, the eTrap® polyp trap allows for quick and accurate retrieval of multiple specimens, while safeguarding clinicians from unnecessary exposure to biomaterial.

The eTrap® polyp trap features...

- two removable specimen strainers designed for retrieval of multiple polyps with uninterrupted suction
- clear magnifying window for easy visualization of collected specimen
- simple transport and preservation of specimens

specimen captured in eTrap® polyp trap
