

A woman with long, dark, wavy hair is shown from the chest up, playing a wooden flute. She is wearing a white tank top and a brown, textured vest. Her eyes are closed, and she has a focused expression. The background is dark, and the lighting is dramatic, highlighting her face and the flute. The flute has a blue band near the mouthpiece and a silver ferrule at the end.

medw|ork®
for mindful people

KENA

All in perfect flux

#flowing

Perfectly configurable
Excellent radiopaque visibility
Colour coding system

Infinitely adjustable
guide catheter length

Precise placement of prosthesis
through accurate force transmission

The placement system: one for all

Harmonically combined

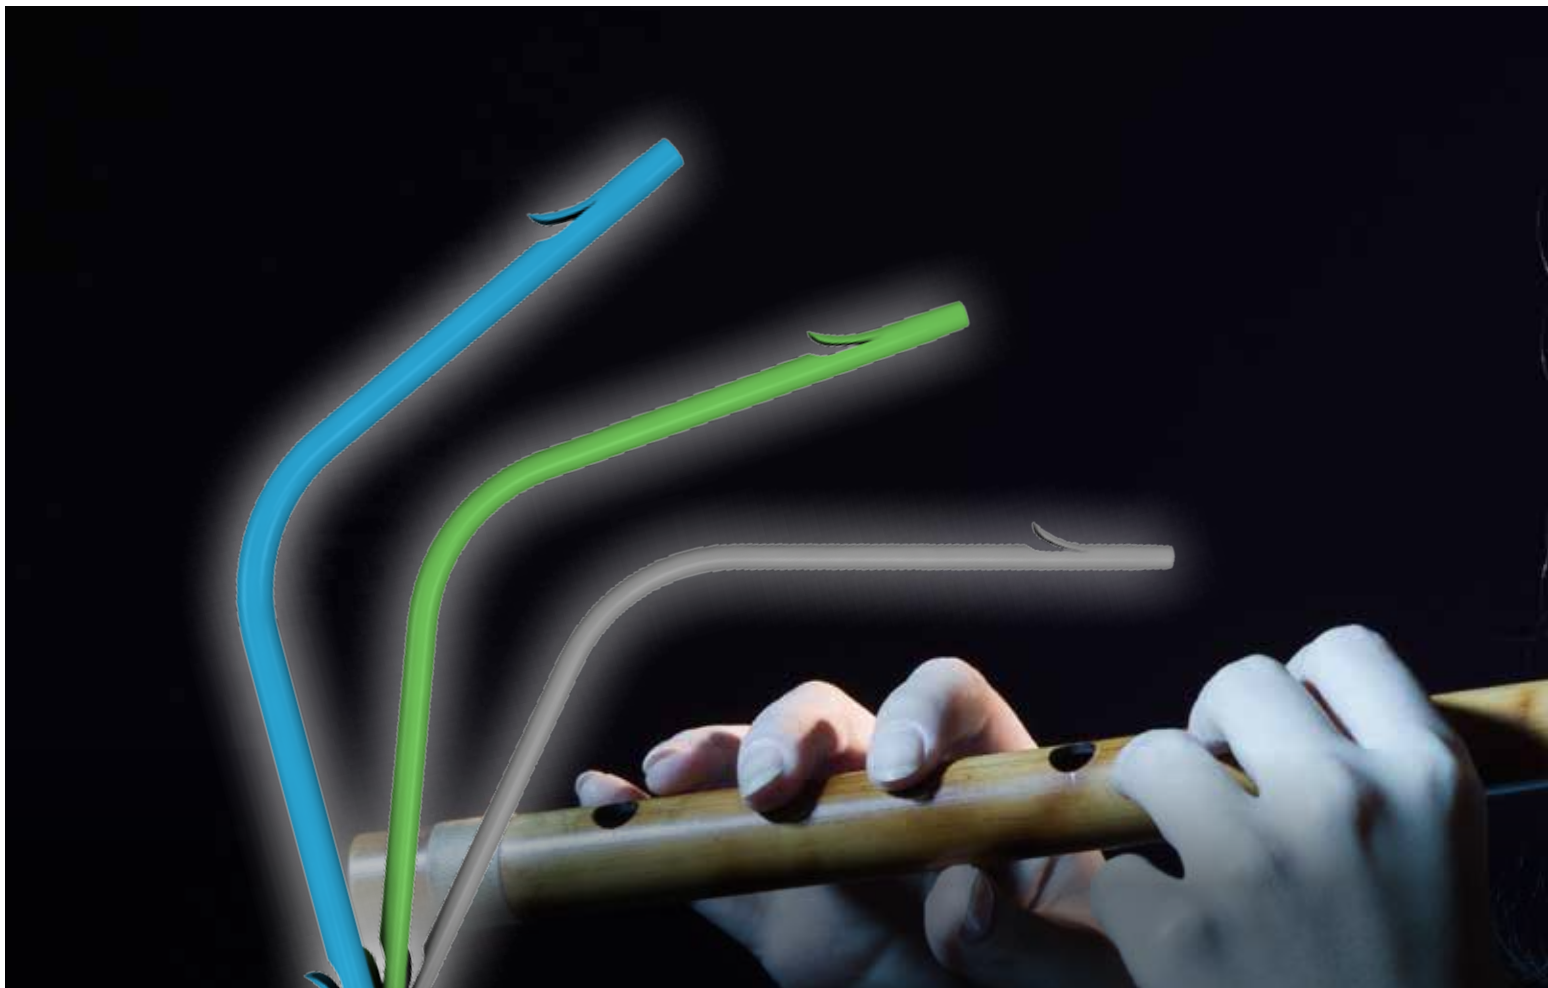

Inspired by the music, tuned to the finest detail: the new Kena series allows simple and precise placement of the prosthesis as a result of the perfect interplay between bending strength and flexibility.

Even multi-stenting with different prosthetic diameters (8.5 and 10 Fr), including repositioning, is extremely efficient with the One-for-All placement system.

② Guiding catheter, pusher und delivery system

Product Code	Order Number	Characteristics	ø	Length	Accepted Guide Wire	Unit
