# setting the standard

## Trusted Security

*US Endoscopy* and *Bennett Roth, M.D.* partnered to develop a device that revolutionized the way the GI community approaches polyp and foreign body retrieval.

There are many styles of Roth Net<sup>®</sup> retrievers to support a variety of retrieval needs. Securing large and small foreign bodies, preserving tissue specimens - the Roth Net<sup>®</sup> retriever is a device you can count on for consistent, superior performance.

*Roth Net<sup>®</sup> retriever – a device you trust...  
from a company you can depend on*

# foreign body

## **foreign body retrieval**

The **Roth Net®** and **Roth Net® Platinum®** retrievers are ideal for...

*removing round, blunt or otherwise hard to grasp/  
hard to hold foreign bodies*

*securely extracting foreign bodies past the  
cricopharyngeus*

Bottle cap retrieval  
with Roth Net®  
retriever

*Engineered with a strong,  
reinforced net for extra  
security*

Food bolus removal  
with Roth Net®  
Platinum® retriever

*Unique octagonal design to  
maintain shape and open to  
capacity across multiple passes*

# confidence

# tissue retrieval

## ***tissue retrieval***

The **Roth Net® retriever** and **Roth Net® Platinum® retriever** are specifically designed to...

*retrieve polyps and polyp fragments quickly and easily without losing them*

*preserve the morphology of specimens for histopathologic review*

*allow continued examination with easy visibility through a more transparent net material*

*Roth Net® Platinum® retrieval of large polyp*

*Roth Net® retrieval of tissue sample*

*Roth Net® retriever*

# trusted

**NEW!**

## **Roth Net® retriever - mini polyp**

*Featuring a smaller net design, offering enhanced maneuverability and visualization during retrieval within the small confines of the colon.*

*round snare shape improves maneuverability and allows for a clear view during retrieval*

*contains memory points in the snare that enable net to open to full capacity*

*maintains a consistent shape during multiple uses*

*Roth Net® retriever -  
mini polyp actual size  
(2.5 x 4.5cm)*

time savings
