

Take-Out® transport pad

Quick, easy transportation for your endoscope...

The Take-Out® transport pad is a safe and easy way to transport an endoscope to the reprocessing room after use.

The Take-Out® transport pad offers...

- Simple setup before procedure
- Absorbent material to help with clean up and minimize leaking fluids
- Transparent material to allow for visualization of endoscope
- Drawstrings to completely enclose dirty endoscope within pad
- Enclosure of the pad to provide protection for endoscope and staff
- Included biohazard sticker easily labels and identifies potentially hazardous items

For more information on the Take-Out® transport pad, contact US Endoscopy today.
